Meals, lodging and transportation to and from birding locations are the responsibility of workshop attendees and are not included in the workshop price. Materials sent to all registrants include our "Places to Eat, Shop, Stay, and Play" brochure which may also be viewed on our Web site: www.birdcapemay.org. Make your plans early (especially in summer). Because of our early morning starts, we recommend you arrive the night before your workshop.

If you need BINOCULARS or a SPOTTING SCOPE, CMBO carries a carefully selected inventory of quality birding optics, and your purchase supports our conservation and research efforts. We also have a selection of fine binoculars available on loan to workshop participants.

Instructions and recommended reading are emailed or mailed in advance of the workshop.
